## Canyon Lassies Top Track Meet

Six Canyon girls swept the Panhandle Jaycee Invitational Track Meet in Panhandle last Saturday, bringing back fifteen ribbons - one in every event they entered.

Anne Miller placed third in the 50 yard dash, 4th in the 75 yard dash, and fifth in the broad jump in the Bantam Division for girls 8 years old. Nickie Abbott, a reluctant competitor in the 60 yard dash of the Pee Wee Division for 9 and 10 year olds, took first in one of three heats, taking a 4th place in the final timing and a fifth place in the 100 yard dash.

Vickie Abbott brought home the most trophies - four in the Junior Division for 11 and 12 year olds. She placed second in the 220 yard dash, third in broad jump and took two fourth place ribbons, one each in the 60 and 100 yard dashes.

The team's two first places were captured in the Prep Division for 13 and 14 year old girls. Karen Pettitt won first in the 60 yard hurdles and also took fourth in the 100 yard dash. Mary Miller placed first in the high jump and came home with two third place ribbons for the broad jump and 60 yard hurdles. A third Abbott sister, Debbie, took third in the 220 yard dash, fourth in the broad jump, and sixth in the 100 yard dash. Nickie, Vickie and Debbie Abbott are the daughters of Mr. and Mrs. Joe Abbott, 2104 Second Avenue; Karen Pettitt is the daughter of Mr. and Mrs. Jeff Gunter, 1215 Hillcrest; Anne and Mary Miller are the daughters of Mrs. Patricia Miller, 1410 Hillcrest.

Coach of the girls' track team is Jim Boyce, south of the City. Later this month, Mr. Boyce plans to enter a

team in the regional track meet at Abilene.

The Panhandle officials jokingly told the girls an invitation may be withheld next year since the team bulldozed their way to a win every try over competition that was 18 members deep in many of the events.

## Paving Hearing Slated Friday

City Commissioners will conduct a public hearing at 7:30 p.m. Friday in the City Hall Annex to hear property owners views on several thousand dollars in assessment paving proposed here this summer.

City fathers earlier this year voted to assess property owners for the paving which will include some 10 blocks of paving, raising, grading, filling and laying curbing and gutters.

All those property owners involved were informed earlier this week of the public hearing. The letters informing the property owners also contained the amount of assessment for each block of paving and the cost to each property owner.

## Enrollment Down At University

Enrollment for the first summer term at West Texas State University showed a slight decrease from the record registration of the 1967 session, according to President James P. Cornette.

The first term closed July 11 with final examinations, and registration for the second term is scheduled July 15 and 16. Second summer term closes Aug. 23.

## Season's First Wheat May Be Cut Next Week

The first of Randall County's 1968 wheat harvesting season will probably begin here sometime next week, according to Agricultural Agent John Brazzil.

The dryland wheat, that was planted here in late August or early September, should produce an average of from 12 to 15 bushels per acre, Brazzil said, adding this was considerably better than was previously expected.

"It was dry in March and April here," the agent said, "and we have had some weed problems, but overall the dryland wheat crop will be much better than we had expected it would be."

The wheat was also plagued earlier in the growing season with greenbugs, but damage was minor.

A late rain season, that dropped 2.76 inches here during the month of May, was credited with aiding the dryland wheat to the harvest stage.

storms that have cut a five-mile wide swath across the county as we have seen here in past years."

Irrigated wheat, that now has sufficient moisture to finish the growing season, will produce large yields here this year, Brazzil said, if there is no major damages.

"Our irrigated wheat looks exceptionally good," the agent said, adding that about 30,000 of the grain would probably be harvested here this year.

As for irrigated grain sorghum, Brazzil said it was planted during excellent conditions and was about on the sowing time schedule.

There has been little replanting on the irrigated grain sorghum, he said, and dryland grain sorghum planting is now in progress throughout most of the (See WHEAT, Page 7)

## Fund To Honor Former Student

BY WAYNE BOARD

A memorial fund honoring William Jackson (Jack) Rattikin, Sr. has been established as a division of the Opportunity Plan, Inc. at West Texas State University.

Milton (Buff) Morris, head of the student loan fund, said the Rattikin family had contributed \$1,000 to the division and friends had donated \$130.

It seems that Rattikin, the son of tenant farmers as Roscoe, Texas who could neither read or write, wanted an education but had neither the funds nor opportunity.

While Dr. J. A. Hill, president-emeritus of WTSU, was superintendent of schools at Roscoe, he met Rattikin who was then in the eighth grade. The pair met about 60 years ago, Dr. Hill recalled recently.

"I remember that he was always wanting to know things--always asking questions," Dr. Hill recalled, noting that Rattikin first expressed a desire to attend a business college.

"I told him that he didn't want to go to business college," Dr. Hill said. "I told him he wanted an education."

Recalling that Rattikin was "a pretty good chap", Dr. Hill said he dissuaded the young man from the business college route.

## Big Dog Bites Child

The 10-year-old daughter of Mr. and Mrs. Olsen Lyng of Canyon was treated and released at Neblett Memorial Hospital for dog bite wounds inflicted Friday afternoon by a German Shepherd.

The dog is being held for observation of possible rabies.

## Sewer Permit Amendment Is To Be Asked

The City of Canyon will ask the Texas Water Quality Board in Austin Tuesday for an amendment to the sewer permit which would allow local authorities to pump an additional one million gallons of waste water daily into McSpadden Lake.

City Manager Paul Davis and Mayor Paul Lindsey will be in Austin asking the TWQB for the amend to the city's sewerage dumping permit.

Need to amend the permit resulted from the recent passage of a \$200,000 bond issue that will allow an expansion of the sewerage treatment plant.

At present, local authorities are pumping an average of 397,000 gallons of waste water per day into the lake. The amended permit would allow pumping of 1,300,000 gallons average per day.

Davis earlier pointed out that the move would not, he felt, result in pollution of the creek or the Palo Duro fork of the Red River, where the water flows. He noted that fish live in a lagoon at a point where the waste water enters the lake.

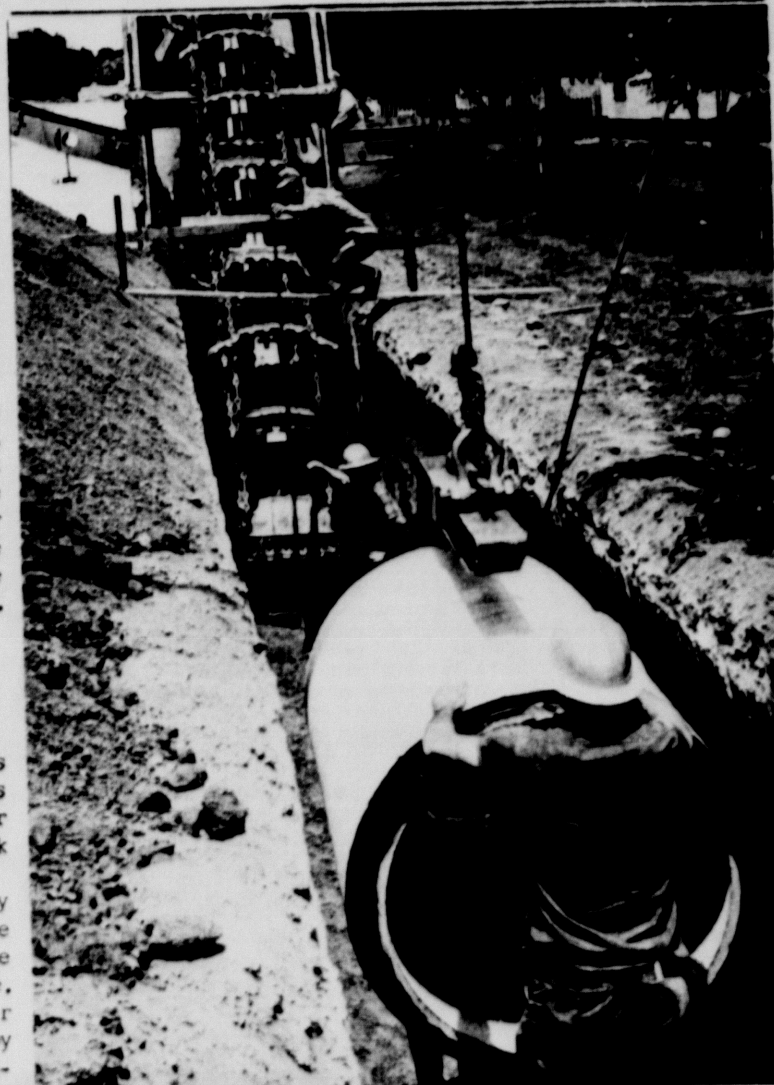

## Platting Discussed

Canyon City Commissioners met briefly Monday to discuss the proposed platting of four lots in Hunsley Hills, but took no action on the proposal.

The platting, proposed by Arch Hunsley, would allow the developer to plat four of the lots and build a dwelling on one.

In other action, City Manager Paul Davis submitted a copy of the city's 1967-68 audit prepared by Brandon and Hallman of Amarillo.

Commissioners said they would meet with the auditors at 6 p.m. Friday to discuss the audit. A public hearing concerning paving assessments will follow the discussion.

STORM SEWER LINE for Canyon resident is being laid here this week by Novac Construction Company of Amarillo. The firm was low bidder of \$36,462 for the 2,900 feet of 36-inch line. Construction will be completed in about 75 days. Funds for the project were approved in an April 2 bond issue here that also included expansion of the sewerage treatment plant and improvements to the dump grounds.

## A SIMPLE TEST FOR EMPHYSEMA

Advanced Emphysema and chronic bronchitis have caused millions of respiratory cripples. These diseases start slowly and early symptoms are not too troublesome. Many people wrongly ignore them. The best chance for control is an early detection and prompt treatment. Watch out for morning coughing spells or shortness of breath during your daily activities.

Take this match test. Light an ordinary match and hold it lit about 12 inches from your mouth. Take a normal breath and then "huff" out the match without pursing your lips. If the match is not blown out you may have emphysema. See your physician for a positive diagnosis.

Canyon Legion Team Trips Caprock Nine

The Canyon Falcons pounded out 11 runs and held off the Caprock Longhorns for an 11-9 victory in their opening American Legion Baseball game. Canyon worked behind the pitching of Dennis Pearson and Lynn Salmon.

After scoring one run in each of the first three innings, Canyon erupted for five runs in the fourth frame, with Steve Blake, Sandy Hair, and Max Bosley supplying key hits. Canyon scored twice more in the fifth and once in the sixth inning. Caprock worked to within four runs of Canyon by the sixth inning and in the seventh inning scored twice and had the tying run at the plate with only one out, when Weiland grounded to short, and Miller struck out to end the game.

Pearson contributed a home-run to the Canyon cause; Salmon and Ricky Sargee had triples; and John Teters added a double for Canyon. Lynn Salmon gained the pitching victory, and Caprock's Rutherford was tagged with the loss.

In their second outing the Falcons met Hereford, and were able to match the Whitefaces in

all but one department, that being the home run. Dennis Pearson and Lynn Salmon limited Hereford to nine hits, but allowed five four-baggers and eight runs in an 8-2 loss.

Jim Loerwald was the batting star for the victorious Whitefaces as pounded out 3 homers in 4 appearances at the plate. Barry Johnson and Sid Shaw each contributed a 4 bagger to the Hereford cause.

Canyon scored their two runs in the third on a single by Sandy Hair, a triple by Rick Sargee, and a single by John Teters. Lynn Betts allowed only three other Canyon hits to get the win, while Pearson who allowed six

runs got the loss. Canyon and Hereford are now tied with Clarendon for second place in the Legion south zone. Tascosa is leading the zone and is undefeated in loop play.

Hazlewood recommended passage in the current special session of the legislature bills he introduced in previous sessions requiring a convict to serve a minimum of half the calendar sentence assessed by the trial court or jury.

The AP quoted the attorney general as having said any such recommendation would hinge on whether the Supreme Court applied its decision retroactively, thereby affecting the sentences given to the death row inmates by juries from which objectors to capital punishment were excluded.

Martin did not say the recommendation would contain anything about turning the death row inmates loose, the wire service reported.

The rains, that were not prevalent when most of the dryland crop was planted or in its early growing stages, was "captured and held", the agent noted.

"Most of our farmers want present conditions to continue", he said, adding that no more moisture is needed in the immediate future.

## Homemaker Shares Favorite Recipes

BY LORENA MILLER

Mrs. J.W. Fain, the former Helen Hilgenfeld, shares recipes for Chocolate Coffee Cake and Peanut Patties with our readers this week.

Mrs. Fain is the daughter of Mrs. J.L. Hilgenfeld of Canyon. She was raised at Wellington. She has three sisters, Edith Childress Snyder, Margaret Burkhalter of Las Vegas, Nevada, and Virginia Gosnell of Antioch, California and two brothers, George Hilgenfeld of Amarillo and Johnny Hilgenfeld of Mesquite.

A graduate of Memphis High School, Mrs. Fain and her husband were married December 20, 1936. He was also a native of the Wellington area. The couple lived on a farm near Wellington for several months and later moved to Mangum, Oklahoma where they farmed and ranched for 11 years before coming to Canyon 20 years ago.

He is the son of Mrs. T. T. Fain of Canyon and has a brother, Everett Fain of Lutie, Texas near Wellington, and three sisters, Olivia Oldham of Canyon, Jo Pendergraft of Amarillo, and Winnie Allingham of Atchinson, Kansas.

The Fains have three daughters, Winfred Golden of Amarillo, Sue Cook of Canyon and Kay Yarbrough of Amarillo. All of their daughters are graduates of Canyon High School and Sue has completed two years of study at West Texas State University.

Included in the Fain family are also five grandchildren including 4 boys and one girl. Members of the First Baptist Church of Canyon, Mrs. Fain was for many years a worker in the nursery department.

Mr. Fain is presently a bricklayer and works in conjunction with local contractors. In early June he spent several weeks in Garden City, Kansas working on a junior college project due to the shortage of brick-laying help in that area.

Of her antique collecting hobby, Mrs. Fain said that "her husband enjoys antique collecting also and likes to do the refinishing work on a number of objects which the couple has collected." Included among the collected items are a sideboard, antique organ, a pantry-safe and an heirloom dining table which was used by Mr. Fain's grand-

parents, parents and their grandchildren.

Her recipes are: CHOCOLATE COFFEE CAKE 2 cups sugar 4 eggs 1 cup shortening 1 cup lukewarm coffee 2 cups flour 3/4 cup cocoa 1 tsp. soda 2 Tbsp. hot water 2 tsp. vanilla dash of salt Cream sugar and shortening. Add eggs and beat well. Mix cocoa and flour together. Sift and add alternately with lukewarm coffee. Dissolve soda in hot water and add along with vanilla.

Bake at 350 degrees in greased and floured 3-layer pans or a 13 x 9 x 2 pan. Frost with the following icing: ICING 2 1/4 cup sugar 3/4 cup evaporated milk 1 (6 oz.) pkg. chocolate chips 1/2 cup Karo 3 Tbsp. butter 2 tsp. vanilla Mix sugar and milk together. Bring to boil for six minutes. Remove from fire and add chocolate chips, Karo and butter and vanilla. Beat together until creamy and spread on cake.

PEANUT PATTIES 3 cups sugar 1 cup Karo 1 cup water 1 lb. raw peanuts (Spanish style) 1 stick oleo 1/2 tsp. salt 1/2 cup red color Bring sugar, Karo and water to boil. Add peanuts and coloring. Cook until reaches hard ball stage. Remove from fire. Add oleo and beat until smooth. Spread in greased 13 x 9 x 2 pan. Cut in squares. May also be dropped from tablespoon onto waxed paper for varying shapes.

Moore, son of Mr. and Mrs. William Angus Moore, co-director for the production, received the master of arts degree from the University of Michigan this year.

He was voted best actor in a one-act play at Michigan and received several distinctions for outstanding work in theatre.

The thespians have been rehearsing daily from 1 p.m. until 6 p.m. and returning at 7 p.m. for further instructions before the show's opening June 29.

According to figures provided by the Foundation, 64,733 people attended the production last year, which was 3,395 more than when the show opened for the first season.

The musical drama, which was written by Pulitzer prize winning playwright Paul Green of Chapel Hill, N. C. and scored by Isaac Van Grove, is staged each summer through Labor Day in the Pioneer Amphitheatre.

The amphitheatre was used for the productions of "Pandangle" and "Thundering Sounds of the West" before the "TEXAS" musical drama was staged and is used yearly for Easter Sunday Sunrise Services.

President of the show's sponsoring foundation is L. Pete Gilvin of Amarillo.

(Continued from Page 1)

Uncle Henry will be played by Dean Kelley, who has been in two productions of "TEXAS", and Aunt Anna is portrayed this year by Lorin Clifford, who returns for her third season in the part.

Don Essary, new to the production, will play Dave Newberry, Uncle Henry's ranch foreman, and comic characters, Tucker Yeldell and Kate Lucus, will be portrayed by Jerry Williams and Claudia Beets, respectively.

Dr. C. E. Colgate, will again portray Jesse Armstrong, young Armstrong's father, and Camille Hess of Amarillo will dance in the role she performed in the initial production three years ago.

HOMEMAKER OF THE WEEK Mrs. J.W. Fain calls "antique collecting" her favorite hobby. She is shown with an antique sideboard which she says was the possible pre-runner of the modern buffet. The piece of furniture is elegantly carved and centered with a section

of mirror. She also has in her home an organ which she is refinishing, a buffet style cabinet and an heirloom table used by the Fain's parents, grandparents and now their grandchildren as a dining table.
